 **Quilcene School District**  
**STRATEGIC PLAN GOALS**

**LEARNING & TEACHING**

In active partnership with our communities, we design personalized learning experiences that support students' needs & strengths. We foster lasting connections and provide tools while inspiring each student to be a productive member of society.

**COMMUNICATION**

The district consistently values and supports the voices of students, staff, parents, and community in an open and respectful way, sharing timely information regarding our common vision, outcomes, events, and activities.

**TECHNOLOGY**

Students and staff have reliable, accessible, and adaptable technology to achieve their educational and professional goals, developing analytical, critical, and informational literacy.

**FACILITIES**

Quilcene School District provides indoor and outdoor facilities that promote lifelong learning and are multipurpose, modern, healthy, and safe. These spaces allow students and staff to pursue their interests and dreams.

**WELLNESS**

Students, staff, and community are welcomed into an empathetic, relationship-centered environment that promotes a healthy mind and body. Students have access to physical, mental, and social services and supports that develop effective connections to become balanced, empowered citizens.
