Groups

**Tier 1 for All:**

Multi-Tiered Systems of Support (MTSS) are something we talk about often as a staff, and include a variety of interventions to help students succeed academically and behaviorally. Our MTSS program also contains interventions to help students succeed socially and emotionally. Last year we were incredibly fortunate to welcome Alex Dill to serve as a Student Assistance Professional (SAP). In this role, Alex has been instrumental in teaching students about the importance of staying away from drugs and alcohol. This year we're incredibly excited to welcome Alex back. In an effort to proactively communicate accurate and timely COVID information to parents, we will again be sending out a weekly COVID tracker, the first of which will be sent out on 9.7.22.
