Dear Board, the students and staff, and the Quilcene Community,

It is with a heavy heart that I submit my resignation as the superintendent of the Quilcene School District, effective June 30, 2023. This decision has not been an easy one, but after much careful consideration and reflection, I have concluded that I will end my tenure with the Quilcene School District.

I have been fortunate to work with an incredible team of educators, staff, and administrators who are committed to providing the best education possible for our students. Over the five years I have had the pleasure to serve as Quilcene's Superintendent, we have increased opportunities for student learning and pathways to graduation. We have improved the physical plant and the learning environment for students. We have learned how to support all our learners better and ensure that all students have access to grade-level learning. We have made great relationships and created stronger connections between the school, our community, and the county. It has been an honor to serve as superintendent and to be a part of the collective efforts to improve the quality of education in our community.

I want to thank the board members for their support and for entrusting me with this important role. I also want to extend my appreciation to the staff, educators, and community members who have worked tirelessly to support our schools and our students.

Please know that I will do everything in my power to ensure a smooth transition and to support the district during this time of change. I am confident that with the dedication and talent of our staff and educators, the district will continue to thrive and provide an excellent education for our students.

Thank you again for the opportunity to serve as your superintendent.

Sincerely,

Dr. Frank Redmon
